

Singapore Management University

Singapore Management University

Established in 2000, Singapore Management University's mission is to generate leading-edge research with global impact and produce broad-based, creative and entrepreneurial leaders for the knowledge-based economy. The school is known for its highly interactive collaborative and project-based approach to learning.

The university has six schools: School of Accountancy, Lee Kong Chian School of Business, School of Economics, School of Information Systems, School of Law, and

School of Social Sciences.

Singapore Management University has over 200 partner universities across all the continents of the world for exchange programmes, giving students 100% opportunity to participate in a global exposure programme. Students are able to choose from over 120 co-curricular activities, or manage a new club.
