

Shanghai Jiao Tong University

Shanghai Jiao Tong University

Shanghai Jiao Tong University (SJTU), as one of the higher education institutions which enjoy a long history and a world-renowned reputation in China, is a key university directly under the administration of the Ministry of Education (MOE) of the People's Republic of China and co-constructed by MOE and Shanghai Municipal Government. Through 121 years' unremitting efforts, SJTU has become a comprehensive, research-oriented, and internationalized top university in China.

Reflecting the turbulent times in which it has existed, the University has had seven name changes before its current one was adopted in the late 1950s. The University has over 42,000 students with more than half studying at graduate level. Known particularly for its Science and Engineering, in the 1920s and 30s SJTU was sometimes referred to as the “Oriental MIT”.
