

Queensland University of Technology

Queensland University of Technology (QUT)

Queensland University of Technology (QUT) is a major Australian university with a global outlook and focus on providing students with practical, relevant skills they can apply in the real world. It has two campuses in the Brisbane area: Gardens Point and Kelvin Grove.

The University offers hundreds of undergraduate and postgraduate study options that include extensive research programs. Their leading academics, state-of-the-art-teaching facilities and a focused

approach to learning delivers real-world outcomes for students and graduates.

QUT's degrees and connections with industry are internationally recognised, which means the students and research programs have a global impact.
