

Arizona State University

Arizona State University

Arizona State University is where students and faculty work with NASA to develop, advance and lead innovations in space exploration. The school has 5 campuses- Downtown Phoenix campus, Polytechnic campus, Tempe campus, West campus, Colleges at Lake Havasu City.

More than 100,000 students from all 50 states in U.S. are enrolled in the university and over 130 countries have chosen ASU as their higher education home. More than 350 undergraduate degrees and 450 graduate-degree and certificate programs exist across four metro Phoenix campuses.

A top-ranked honors college, abundant student research opportunities, internships and entrepreneurial endeavors and workshops prepare ASU students to succeed in their professional and personal lives.
