University of **Tours AT A GLANCE** • Location université de **TOURS** Homepage BRUSSELS - 3h45 LONDON - 1h30 + **TOURS** PARIS - 55min to Lyon airport

MADRID - 4h10 ROME - 3h50 + PARIS TOURS

University of **Tours**AT A GLANCE • Location

- A dynamic city located one hour from Paris by train
- In the heart of the Loire Valley: « *le Jardin de la France* »
- Known as the cradle of French language

University of **Tours**AT A GLANCE • A Few Markers

université de TOURS

- Creation of the University of Tours in **1970** (initially named after François Rabelais)
 - o The largest public higher education institution in the French Region Centre-Val de Loire
- Students: **27,280** in 2016-2017 including
 - o 71 % in the first 3 years (Bachelor's degree)
 - o 19 % in Master Degree
 - o 10 % in Doctorate
 - o 2900 international students, i.e. 11 %
 - o 7560 degrees issued per year
- Staff : 1200 teaching & research staff
 1300 technical & administrative staff
- **35** research laboratories
- A yearly consolidated budget of **208 million €**

AT A GLANCE • A Multidisciplinary University

7 Faculties

Literature & Languages 3340 students

Arts & **Humanities** 4430 students

Law, Economics & Social Sciences 4410 students

Sciences & **Technology** 3930 students

Pharmaceutical Sciences 860 students

Medicine 6100 students

Centre for Renaissance Studies 165 students

AT A GLANCE • A Multidisciplinary University

1 Engineering School – Polytech Tours

- 3 specializations fully taught in English
 - o Electronics and Energy
 - o Mechanics and System Design
 - o Urban and Territorial Planning & Environment
 - o 1150 students

AT A GLANCE • A Multidisciplinary University

2 Institutes of Technology (IUT)

- Social Careers
- Management of business & administrations
- Biological Engineering
- Electrical Engineering & and industrial IT
- Information & Communication
- Techniques of Commercialization
- o 2110 students

Campus of Blois

- Networks and Telecommunications
- o Physical Metrology
- Science and materials engineering
- Internet and Multimedia
- o 600 students

Université de TOURS STUDY

- 315 National Diplomas including
 - o 16 DUT (diploma from an Institute of Technology)
 - o 22 Bachelor's Degrees
 - o **27** Vocational Bachelor's Degrees
 - o 25 Masters' Degrees and 73 Specialities
 - o **5** Engineering Specializations at Polytech Tours
 - Computer Science
 - Industrial Computing
 - Mechanics and Systems Design
 - Electronics and Electrical Energy Systems
 - Environment & Urban and Territorial Planning
- 104 University Diplomas
- **7,560** diplomas issued in 2015

University of **Tours STUDY** • Course Offer

STUDY • Our Master's Degrees

MASTERS in Science, Technology, Health

Integrated Biology & Agricultural Sciences

- •Biology of Reproduction
- •Integrative Plant Biology : genes, plants, agrosystems
- •Behavioral Ecology, Evolution & Diversity
- •Quality & Environment in Animal Production
- ·Sense & Innovation in Agrifood

Biology & Health

- •Biotechnologies & law
- Cognition, Neurosciences & Psychology
- •Cellular & Molecular Infectology, Vaccinology, Therapeutic antibodies
- Physiopathologies
- •Promotion & Health Management
- •Production & Regulation of Health Products: quality & risk management in health
- •Relationship Host-Graft

Information Technology

- •Information Technology for Decision Making
- •Computer Science for Decision Making (M2 in English)
- •Complementary work in IT

Mathematics

Applied Mathematics

Materials Science

- Multifunctional Materials & New Energy Technologies
- Electronic & Mechanical Engineering (M2 in English)

Physics & Imaging

- Imaging & Medical Physics
- Imaging of Living Organisms & Radiopharmacology
- Non-linear models in physics (M2 in English)

Sciences of Water & Environment

- Hydrosystems & Watersheds: diagnostic & environmental risk
- Planning and Sustainability Urban and Regional Planning (M2 in English)

University of Tours RESEARCH ● An Innovative Institution

- **35** recognized research teams
 - o 18 with CNRS, INSERM or INRA
 - o 800 permanent researchers
 - o **190** engineers and technical staff
 - o 8 European research programs are developed
 - o 60 PhD under international joint supervision in progress
 - o Many centers of excellence, recognized worldwide
- ₹ 71-million-euro-budget

In 2016-2017, UFRT is involved in:

- International Networks including
 - o **12 COST** Programmes
 - o 5 International Research Network (GDRI)
 - o **2** International Associated Laboratories (LIA)
- International Projects including
 - o **3 H2020 –** Horizon 2020 is the biggest EU Research and Innovation programme :
 - 1 Societal Challenges + 2 Industrial Leader
 - o **2 FP7** EU's 7th Framework Programme for Research and Technological Development : Collaborative Projects + Infrastructure
 - o 2 ERC European Research Council

3 major fields of research

Sciences and **Technology**

- Energy & Materials
- · Geosciences, Environment & Space
- Mathematics, Computer Science, Theoretical Physics, Systems engineering

Life and Health Sciences

- Health
- Biological Science
- Life Chemistry

Human and Social Sciences

- Law
- Fconomics & Management
- Urban & Regional Planning, Territories, Societies
- Cognitive Sciences
- · Humanities, Arts, Languages, Literatures

RESEARCH • Our Identified Specialities

A very short list of <u>best recognized</u> research specialities :

Biomedical research

- Medical imaging
- Therapeutic antibodies
- Vaccinology
- Cancerology
- · Infectiology,...

Multidisciplinary research on Renaissance Historical Period (at the CESR: Centre d'Etudes Supérieures de la Renaissance)

- History
- Art
- Sciences
- Literature
- Musicology
- Philosophy

RESEARCH • Our Identified Specialities

A very short list of <u>well recognized</u> research specialities:

Neurosciences, Insect Biology

Mathematics, Theoretical Physics

Materials for electronic and energy

Chemistery for medicine

Sociology, Geography, Archeology

Linguistics

Musicology, History and History of Art, Literature

2 Major Cross-Disciplinary research programs for the 2015-2020 period :

- In Life Science and Health
 - o Biomedicines

 From fundamental research to clinical progresses and industrial development
- At crossroads of Humanities, Biological Sciences and Computer Sciences
 - o Heritage and Biodiversity

 Multidisciplinary approaches of natural and cultural
 heritage, with collection and clever treatment of large
 databases

- o Optimization of therapeutic monoclonal antibodies development Enabling the development of new biopharmaceuticals
- o Two pilot sites: Universities of Tours and Montpellier A project deeply embedded in a national network of pharmaceutical laboratories

LabeX IRON

 « Innovative Radiopharmaceuticals in Oncology and Neurology »

Labex is to develop innovative radiopharmaceuticals and transfer them to the clinic for molecular imaging diagnosis (PET: Positron Emission Tomography) in neurology and oncology and targeted radionuclide therapy of cancer.

LabeX SYNORG

o Synthetic Chemistry for Life Sciences

A proactive policy in favor of collaborations with private companies and research transfer

- Several laboratories of the University hosted in companies' premises
- Several mixed private-public laboratories
 Ex: CERTEM (Center for studies and research on microelectronics) with ST Microelectronics
- o Electronics, mechanics, radioactive products for medicine, fluvial ecology, insect ecology, software for imaging in medicine and human sciences, ...

- o Energy, Materials, Earth and Universe Sciences
- o Mathematics, Computer Science, Theoretical Physics and Systems Engineering
- o Health, Biology and Biochemistry
- o Literature and languages
- o Social Sciences: Territories, Economics and Law
- Around 100 Doctoral thesis (PhDs) awarded in 2016
 - o **700** PhD students in 2016/2017
 - o 266 foreign PhD students are hosted
 - o 60 PhDs under international joint supervision
- **27** International Postdoctoral Researchers in 2016

University of **Tours RESEARCH** • Hosting Foreign Researchers

A Dedicated Service Centre for Foreign Researchers

o Member of the EURAXESS Network Part of the French network of mobility centers providing access to a complete range of information and support services to researchers wishing to pursue their research careers in Region Centre-Val de Loire.

Our missions:

- Informing before departure
- Welcoming upon arrival
- Counselling during the whole stay
- Accompanying for all formalities

For any request, please contact:

RESEARCH • Hosting Foreign Researchers

Incoming Researchers in 2017

- 264 International Researchers welcomed in Tours
 - o 25% invited Professors and Researchers,
 - o 22% Post-docs
 - o 53% PhD students

assisted with 710 actions :

- o Visas procedures & information on legal issues
- o Housing
- o Opening a bank account
- French courses
- o Registration to school for the children
- o Administrative assistance (insurance, driving licence...)

RESEARCH • Hosting Foreign Researchers

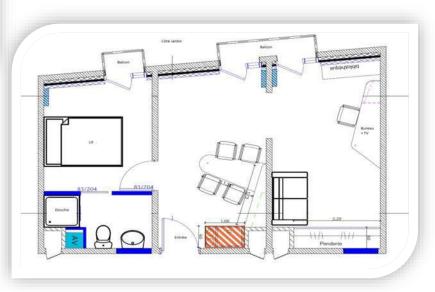

Housing facilities for foreign researchers

- Résidence du Monde CROUS-Tanneurs
 - o 4 apartments of 28 m² within the historical heart of the city

- Fully furnished, Wifi, TV...
- Secured and quiet
- Dedicated to our international guests
- For short and long term

University of **Tours**INTERNATIONAL ● France Hosting International Students

- France is ranked at the 4th position for welcoming international students, after USA, UK and Australia
 - o **310,000** international students, i.e. 7% of all international students doing a mobility worldwide in 2015
 - o Mainly in the Paris area 35% -
- Main home countries

University of **Tours**INTERNATIONAL ● Key Figures

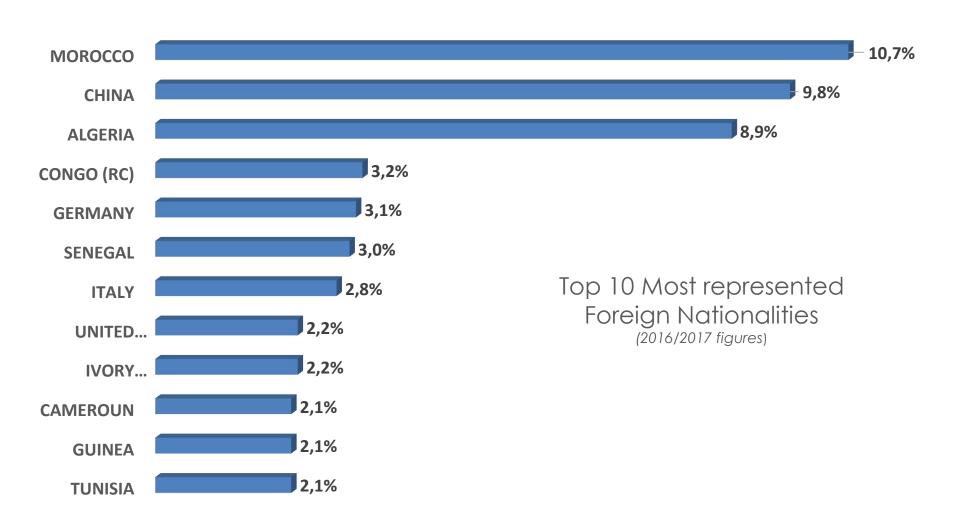

- **2,900** international students in our university, standing for **131** nationalities
 - o 480 exchange students
 - o **180** students in Degrees set up with international partners
 - o 40 students registered in our Master's Degrees in English
 - o **200** students following courses of French Language
- More than **700** students abroad
 - o **500** following courses
 - o 210 doing their internships
